# Russell Review

1<sup>st</sup> Grade Newsletter, [russell@meadville.k12.mo.us](mailto: russell@meadville.k12.mo.us)

## A Peek at our Week:

### Reading:

We will wrap up our first unit at the beginning of the week! In our next story, will be reading a fable titled Jack and the Wolf. With this story, we will learn about characters and story message. We will also be looking at the fairy tale, The Little Pigs.

### **NEW SITE WORDS ARE IN FRIDAY FOLDERS ☺**

### Math:

We have started C3 and will continue to work in C3. C3 is a **continuation** of addition strategies. (For example, we will be focusing on double facts and strategies such as doubles +1 or doubles -1 and so forth.)

### Science:

We have started learning about the 6 different classifications of animals as well as traits for each class. Ask your kiddo if he/she can name the 6 classes or any traits (mammals, reptiles, amphibians, birds, fish, and insects)! **This week we illustrated a classification booklet and made a foldable. These will be in the hall on display. Next week, we will shift our focus on each class individually.**

### Social Studies:

We are learning about government and citizenship and laws. We are doing something new this year. We are making an interactive notebook that highlights each unit that we learn about. These have been a lot of fun and will go home at the end of the year. They will also be on display at parent teacher conferences!

## Upcoming Events

### October 20

End of quarter I

### October 26

Early Out- Parent Teacher Conferences

## Snacks & Show & Tell Next Week

Monday- Trynlee

Thursday- Fisher
